

Monitoring
Committee
Sections Update
Congress Strasbourg
2025

Context

- In November 2021, we launched a monitoring procedure for JEF Poland for political instability, code of Conduct breaches, lack of a bank account and legally binding statutes.
- Current members of the monitoring committee for Poland are Christelle Savall (EB), Anna van de Moosdijk (FC), and Caroline Kokholm-Jørgensen (national delegate of JEF Denmark).

Recommendation

- **The Monitoring Committees recommends**
 - **to close the monitoring procedure for JEF Poland until the section is up and running with the hope to stop it at the next Congress.**

Poland

- JEF Poland is now officially registered with a growing number of members – although not very diverse – and a new General Assembly. The section is applying for grants, collaborating with other sections and JEF Europe as well as planning a new website and growth strategy.
- The EB has been contacted by several interested people in helping support activities of JEF in Poland. They have been put in contact with JEF poland by Aléxandros, contact person in the EB.
- **The section remains small but does not require to be under specific monitoring anymore.**
