

Call for JEF sections to host the Spring 2027 Federal Committee Meeting

The Young European Federalists (JEF Europe) are proud to open the call for JEF national sections to host one of the Spring 2027 Federal Committee Meeting.

We are looking for a motivated JEF section interested in hosting our Federal Committee meeting from Friday evening until Sunday lunchtime in Spring 2027.

The following characteristics are of fundamental importance:

- The hosting city should be relatively well connected to most parts of Europe;
- A dedicated team of minimum 4–5 JEF activists on the spot who will assist the European Secretariat with logistical matters, including venue, accommodation, public transportation and materials;
- Motivation and commitment to explore and apply for local, regional and national co-funding sources;
- Any proposals for travel options, catering, venues and accommodation should be in line with JEF Europe's sustainability commitments and internal standards.

If your section is interested in hosting the FC, you can send your proposal to our membership officer at jan-gert.zevenbergen@jef.eu and to the board at eb@jef.eu by the **10th of April 2026**. The proposal should contain:

- The reasons why you wish to host the FC meeting;
- The name and price (estimate, ideally with quotations) of at least three potential venues, accommodations and restaurants that could host between 80 and 100 people;
- A social programme for Saturday evening;
- A list of travel options showing how to reach the host city from different corners of Europe, including public transportation on site;
- Options for co-funding on the local, regional and national level;
- A realistic provisional budget;
- A brief risk assessment.

Your section will have the opportunity to present its bid at the Spring 2026 Federal Committee, which will take place in Belgrade, Serbia, from Friday 17 April to Sunday 19 April 2026.

Do not hesitate to get in touch with Jan-Gert (jan-gert.zevenbergen@jef.eu) for any further clarifications and/or questions.
